Prices valid 1 February to 31 July 2027

LONG DAYS ARE BACK

This catalogue covers the six months when the evenings draw out and the weather still changes its mind by lunchtime.

We've chosen about 200 things from the 1,200 in our range. Most of them are ours. Hale is the kit we make to be mended, and we repair Hale waterproofs and packs free for as long as you own them. Swift is for days when you'd rather carry less and go further.

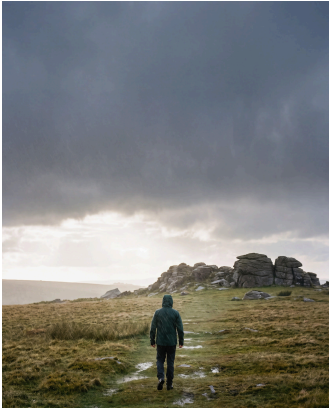

Our own kit is designed at Hale House in Dorchester and tested on Dartmoor, then by about 3,000 Club members on our Trail Panel. If something isn't right when you get it home, bring it back. If it wears out, bring it in and we'll mend it.

Hannah Coutts
Product and Sourcing Director

footwear

Dene II boots on Stanage Edge, Peak District

FOOTWEAR

We've fitted walking boots since the first shop opened in Dorchester in 1973. Every shop still does it, free.

Come in the afternoon, when your feet are at their largest, and bring the socks you walk in. We measure both feet, and you try boots with weight in a pack. Most people try three pairs. Take as long as you like.

Wear new boots around the house for a few evenings. Once they've been outside they can't come back, so if they rub, bring them in first.

WATERPROOFS AND LAYERS

Tear a Hale waterproof, bring it in, and we'll mend it free for as long as you own it. That goes for Hale packs too.

Hale waterproofs have face fabrics of 100% recycled nylon. Their water-repellent finish has been made without PFAS since spring 2025, and Swift's since spring 2026.

A finish without PFAS needs reproofing more often. When rain soaks in instead of beading, wash the jacket with a technical cleaner and reproof it. What you need is on page 13.

Waterproofs

Dipper 265 Grid Hoody, Snowdonia, 6am

WARM WHEN YOU STOP

An insulated jacket is for lunch stops, camp and the last hour of a cold day. On the move, most people need less than they think.

Down is warmest for its weight and packs smallest. Synthetic fill keeps more of its warmth when it's damp, which on a British hill is often. Hybrid jackets put insulation on the body and stretch fleece under the arms.

Hale Keld Hybrid Insulated Jacket, men's and women's

Insulated front and back with stretch fleece sides, for walking in cold air.

The repair bench at our Keswick shop

MADE TO BE MENDED

Our benches mended 48,000 things in the year to January 2026, mostly zips, seams and tent poles. Now there are 47 of them.

Hale waterproofs and packs are repaired free for everyone, for as long as you own them. Club members get free repairs on the rest of their Hale and Swift kit too. For anything else, we tell you the price before we start.

Bring it to any shop. If yours has no bench, we send it to the nearest one. Most repairs take about nine days.

Typical prices when a repair isn't free

Repair	Price
Jacket main zip	£70
Seam re-taping, whole jacket	£70
Wash and reproof a waterproof	£35
Wash a sleeping bag	£55
Tent door zip, one to four person tent	£55
Tent pole section	£18
Pack strap or buckle	£20
Boot resole, new outsole	£75 a pair

Trade it in

If a Hale or Swift jacket, pack or tent no longer suits you, Club members can trade it in at any shop for a voucher worth up to £40. We clean it, mend it and reproof it, then sell it again through Hale Again at 40% to 60% of the new price.

Hale Again

Checked, mended, second-hand Hale and Swift kit, online and now in 24 shops. What we can't sell goes to the benches for parts.

SWIFT

Our lightweight range, for when you'd rather carry less and go further. The number in most Swift names means something: grams, litres, lumens, people or R-value.

A NIGHT OUT, WEIGHED

This is the Swift kit for one person's night in the hills in summer. Together it weighs 4.2kg, before food, water and gas.

Weights are from our product pages, with the jacket in size M and the tent with its pegs and bags. Swap the Plume 250 for the Plume 450 in spring or autumn, when nights on the tops still drop below freezing. The Plover R4.3 mat does all three seasons.

	Kit	Weight	Price	Page
	Swift Dunlin 2 Tent Two doors, two porches and 1.48kg packed, for two people walking light.	1,480g	£329	27
	Swift Plume 250 Down Sleeping Bag A 560g summer down bag, comfortable to 7°C, that packs smaller than a loaf.	560g	£219	31
	Swift Plover R4.3 Air Mat Our best-selling three-season mat: 420g, 7.5cm thick, R-value 4.3.	420g	£139	31
	Swift Men's Ouzel 38 Hiking Pack A 38-litre pack under a kilo, for two-night backpacking trips with light kit.	980g	£150	22
	Swift Men's Snipe 140 Waterproof Jacket A 140g hooded shell with taped seams, for fell races and fast hill days.	140g	£150	12
	Swift Flit 68 Canister Stove A 68g screw-thread stove that boils a litre in about three and a half minutes.	68g	£55	32
	Swift Yellowhammer 750 Titanium Pot A 98g titanium pot that holds a 100g canister and a small stove.	98g	£38	33
	Swift Crossbill 350 Head Torch A 58g rechargeable head torch for fast days, with 350 lumens and a slim band.	58g	£45	35
	Swift Siskin Carbon Folding Poles Four-section carbon folding poles at 198g each, packing to 38cm for fast days.	396g	£110	35
Total		4.20kg		
Dunlin 2 1.48kg		Plume 250 0.56kg		
			Ouzel 38 0.98kg	

The Dunlin 2 Tent, Ouzel 38 Hiking Pack and Plume 250 Down Sleeping Bag make up 72% of the weight

4.20kg

Poles are counted as a pair. Prices are for everyone; Club prices are on the product pages.

packs

Fellgate 45 in Glen Feshie, Cairngorms

PACKS

A pack that fits puts most of the weight on your hips. We'll fit one for you in any shop, with weighted bags inside so it feels like a full load.

Your back length isn't your height. Two people the same height can need different sizes, so we measure from the base of your neck to the top of your hips. Child carriers adjust to fit both parents.

Hale Fellgate 45 Hiking Pack, men's and women's

Our 45-litre hiking pack, with an adjustable back and the wider hip belt colleagues asked for.

Changed by our colleagues

After a test day, our colleagues asked us to change the hip belt on the Fellgate 45. The new belt came in for spring 2026.

GOLDEN CAP FROM SEATOWN

At 191 metres, Golden Cap is the highest point on England's south coast. In May the thrift is out along the cliffs.

Seatown to the summit

From the beach at Seatown, follow the coast path west. It climbs through fields, then up steps through the gorse to the flat top, where you can see along Lyme Bay to Portland.

St Gabriel's and Langdon Hill

Drop west off the summit and turn inland to the ruined chapel of St Gabriel's. Walk back east through the pines on Langdon Hill, then down the lane to Seatown.

Before you go

The climb to the summit is steep, and the paths are slippery after rain, so wear boots or shoes with a good grip. Take a waterproof even on a bright morning: weather comes in off Lyme Bay quickly. Keep dogs on a

lead where there's livestock, and keep back from the cliff edge, which can fall without warning.

4

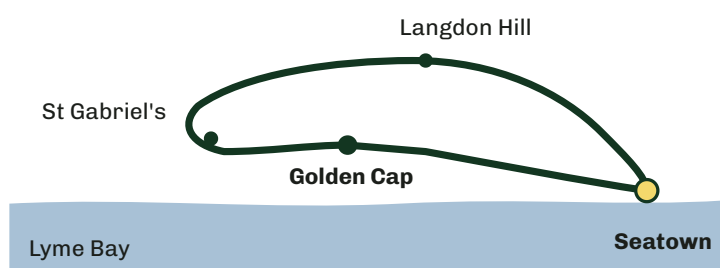

miles, about 6.5km

330m

of climbing

3

hours, with stops

A sketch, not to scale. Take a map: the Dorset Coast Walks guidebook covers Golden Cap, page 34.

Walk it with us

Our Bridport shop leads this walk on Saturday 22 May 2027 at 9.30am, free for Club members. Book at the till or in the app.

TENTS

Every Hale and Swift tent is pitched in wind and rain on Dartmoor before it goes on sale.

Hale tents use standard pole sections that every repair bench stocks, and we keep spare parts for at least seven years after a tent leaves the range. Most of our larger shops have a tent pitched, so you can climb in.

sleeping

Plume 450 and Plover R4.3, dawn in the Brecon Beacons

SLEEPING

Choose a sleeping bag by its comfort temperature: the coldest night a standard woman stays comfortable in it, lying relaxed.

Every adult bag we sell is tested to ISO 23537. The limit temperature is for a night curled up and cold, not comfortable. Mats matter as much as the bag: an R-value of 4 or more is right for spring and autumn.

Swift Plume 450 Down Sleeping Bag

Our best-selling three-season down bag: 820g, comfortable to -2°C.

kids

Hogg jacket and Peerie Puddle Suit in a Chilterns beech wood

KIDS

Children's sizes go by age, but height is the better guide. If they're between sizes, go up.

Children's feet can grow a size in a few months, so we measure them every time, free, and leave a finger's width in front of the toes. Schools and youth groups can hire tents, packs and sleeping bags from our hire counters.

Hale Kids' Hogg 2.5L Waterproof Jacket

A tough 2.5-layer kids' waterproof with no hood cords and room to grow.

Bestseller Waterproof to 10,000mm · 290g (age 7-8)

A led walk from our Hathersage shop

THE CLUB

Free to join, with more than 2.2 million members. Most people join at a boot fitting.

What members get

- Club prices on many lines, usually about 10% below the price for everyone. Both prices are printed in this catalogue.
- Free repairs on all your Hale and Swift kit, on top of the lifetime promise on Hale waterproofs and packs.
- 2% back as repair credit: £2 for every £100 you spend on kit, to use on repairs, hire or new kit within 18 months.
- A free place on more than 3,000 led walks a year, from beginners' walks to navigation sessions.
- This catalogue, posted to you twice a year if you ask for it.

Join at the till in any shop, online or on 01632 960 123. Your card lives in our app, or we'll post you one if you'd rather not use a phone. There's no fee and no minimum spend.

The Path Fund

Each time a member buys something, 1p goes to our Path Fund. In the year to January 2026 it gave £420,000 to 37 footpath, access and outdoor education projects, from new gates near Okehampton to path repairs on the Cleveland Way.

Scan to join online. It takes about two minutes.

Boot fitting in our Ambleside shop

FITTING, HIRE AND LED WALKS

Fitting, free in every shop

We measure feet and backs, and you can try boots and packs with weight in them for as long as you need. Children's feet are measured every time.

Led walks

Our shops led 3,100 walks in the year to January 2026, free for Club members, each with a qualified leader and a first aider. 38% of walkers said it was their first organised walk.

Shop	Walk	Miles
Dorchester	A loop round Maiden Castle, Saturday 9.30am	8
Betws-y-Coed	Up through the forest to Llyn Elni, Sunday 9.30am	5
Brecon	Map and compass on Pen y Crug, Saturday 10am	4

Hire

Hire Hale and Swift kit for a weekend or a week from the shops marked H on page 44. We check and clean everything between hires.

Kit	Weekend	Week
Two-person tent	£25	£45
Family tent, four to six people	£60	£120
Rucksack, 65 litres	£15	£25
Sleeping bag and mat	£15	£25
Stove and pan set	£10	£18
Expedition set	£40	£70

A weekend is Friday to Monday. If you hire a tent and buy the same model within 30 days, we take the hire fee off the price.

Schools and youth groups

We've hired kit to schools since the first shop opened in 1973: Peggy Swift ran walking trips for her school before she went into business with Martin Hale.

Schools and youth groups made 19,000 hire bookings with us in the year to January 2026, at school rates. If your school is running its first outdoor trip, we'll lend the kit free. Spring and early summer book up first, so ask early.

Testing a Flick 1 on Dartmoor

TESTED ON DARTMOOR, LABELLED PLAINLY

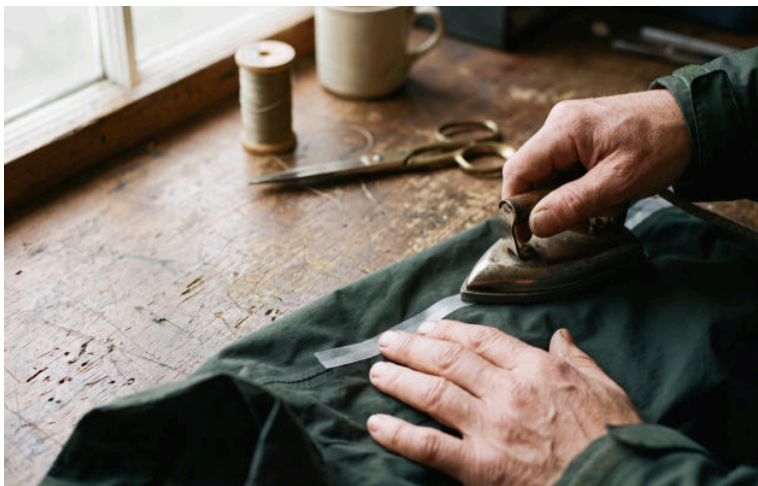

We design Hale and Swift kit at Hale House in Dorchester and test it on Dartmoor, in the weather it's made for.

Then about 3,000 Club members on our Trail Panel use it on their own walks and tell us what's wrong. Their reports gave the Dene II boot its firmer heel, and a colleagues' test day changed the hip belt on the Fellgate 45.

New Hale kit uses a short list of standard zips, buckles and pole sections, so any repair bench can fix it. We keep spare parts for at least seven years after a product leaves the range.

What our labels mean

- Lifetime repair** Hale waterproof jackets and trousers and Hale packs. We repair tears, zips, seams and buckles free for as long as you own the product, whether you're a member or not. It doesn't cover loss or theft.
- PFAS-free finish** The water-repellent finish on the outer fabric is made without PFAS: all Hale waterproofs since spring 2025 and all Swift waterproofs since spring 2026.
- Recycled** Says which fabric is recycled and how much, for example "face fabric 100% recycled nylon". Linings, membranes and trims may not be.
- Bestseller** One of the ten best-selling lines in its category in our shops and online over the last 12 months.
- Comfort** Adult sleeping bag temperatures are tested to ISO 23537. Mat R-values are tested to ASTM F3340.

3,000

7 years

we keep spare parts after a product ends

2025

since when every Hale water-repellent finish has been made without PFAS

SIZE GUIDES

Measure in centimetres over a base layer, with the tape level and snug. Better still, come in: we measure and fit for free.

Our waterproofs are cut with room for a fleece underneath, so take your usual size. Between sizes, go up for jackets and insulation and down for base layers. Every trouser style comes in a regular leg.

Men's and unisex clothing

Size	Chest (cm)	Waist (cm)
XS	86 to 90	71 to 75
S	91 to 96	76 to 80
M	97 to 103	81 to 88
L	104 to 111	89 to 96
XL	112 to 118	97 to 103
XXL	119 to 126	104 to 111

Women's clothing

Size	Chest (cm)	Waist (cm)	Hip (cm)
8	80 to 83	62 to 65	87 to 90
10	84 to 88	66 to 70	91 to 95
12	89 to 93	71 to 75	96 to 100
14	94 to 98	76 to 80	101 to 105
16	99 to 104	81 to 86	106 to 111
18	105 to 110	87 to 92	112 to 117

Pack back lengths

Size	Back length (cm)	Hips (cm)
S/M	40 to 48	66 to 107
M/L	46 to 54	76 to 117

Back length runs from the bony bump at the base of your neck to the top of your hip bones.

Gloves, around the palm

Size	Around the palm (cm)
S	18 to 19
M	19.5 to 20.5
L	21 to 22
XL	22.5 to 23.5

Footwear

Measure both feet in the afternoon, standing, in the socks you walk in. Heel against a wall, mark the end of your longest toe, and go by the longer foot. Boots leave about a finger's width in front of your toes, so foot length is a better guide than EU size.

Children's sizes run from 10 to 13, then start again at 1. Their feet can grow a size in a few months, so measure before you buy.

Men's footwear				Women's footwear				Sleeping bags

ORDERING, DELIVERY AND RETURNS

How to order

Online at swiftandhale.platformspace.app: type the product code into the search box. By phone on 01632 960 123, with your product codes and sizes. In any of our shops.

Delivery in the UK

Standard, 3 to 5 working days	£4.95, free over £50
Next day, order by 8pm Sunday to Thursday	£6.95
Click and collect	Free

Prices are for the UK mainland. For the Highlands and islands and Northern Ireland, see our delivery page. Our 13 shops in the Republic of Ireland take click and collect orders.

Returns

Return anything unused within 60 days, free by post or to any shop, with the labels on. Try boots on indoors first: once they've been worn outside they can't come back. You also have the legal right to cancel an order within 14 days of delivery, and we refund the standard delivery charge if you return a whole order in that time.

Faulty kit

Bring it to any shop or call us. Within 30 days you can reject faulty goods for a full refund. After that we can repair or replace it, and your legal rights last up to six years (five in Scotland).

Prices

Prices include VAT and are valid from 1 February to 31 July 2027, while stocks last. If we find a price is wrong before we dispatch, we'll tell you, and you can pay the right price or cancel for a full refund. Club prices are for members of the Swift & Hale Club; joining is free. Colours in print may look a little different from the real thing.

Gas and electricals

Gas canisters are sold in shops only. When you buy an electrical item, we take back an old one of the same kind, free, at any shop.

Who you're buying from

Swift & Hale Retail Limited, registered in England and Wales, part of Swift & Hale plc (company number 01234567, fictional). Registered office: Hale House, Fordington Fields, Dorchester, Dorset DT1 9SH. Our full terms of sale and privacy notice are online.

OUT SOONER, HOME WELL

Peggy Swift, a PE teacher who ran school walking trips, and Martin Hale, who made and mended tents, opened the first shop in Dorchester in 1973.

They sold boots and tents, hired kit to schools and mended what broke. We still do all three, in 132 shops in the UK and Ireland, most of them in market towns near a national park or a long-distance trail.

Before opening at our Keswick shop.

About this catalogue

Swift & Hale is a fictional company created by CHS for demonstration. Names, products, prices, shops and people are invented, and nothing in this catalogue is for sale. The photographs were generated for this demonstration: the product cut-outs with GPT Image and the location photographs with Nano Banana Pro, from product references so the kit in each photograph matches its product page.

Designed and built by CHS from the same product data as the Swift & Hale demo shop, with every price, code, size, colour, page reference and the index filled automatically. Specified for heatset web offset on 60gsm recycled uncoated paper, self-cover, saddle stitched, A4. Set in Chivo by Omnibus-Type.

CHS, Christchurch, Dorset. chs.agency

Hale Women's Brackwater 3L Waterproof Jacket

Our best-selling hill jacket in a women's fit: 3-layer, 20,000mm, 390g.
